

# ABOUT BODNIK BOWS BRAND

## BRAND MISSION STATEMENT

We believe that instinctive archery is more than just a sport, more than simply a recreational activity.

For us, instinctive archery is a way of life. A wonderful combination of nature, freedom, access to our intuition, adventure, movement, calm and focus in equal measure. For us, it is both a calling and an attitude toward life itself.

Because of this mindset, we have made it part of our life's mission to build powerful, comfortable, and precise bows for leisure, sport, and hunting - so that you may have the best possible instinctive archery experience possible.

We are dedicated to our customers and believe in establishing long-term relationships with all of you. That is one of the main reasons that we build bows of superior quality that will last for generations. For that reason, we can offer you one of the most legendary bow guarantees in the world! The Bodnik Bows 30-Year Guarantee comes with every Bodnik Bow we make.

We coach and train individuals in our specific style of instinctive archery and we even train our own coaches to make this information available to as many people as possible.

We also organize special archery tournaments to share our passion with like-minded people from all over the world.

Bodnik Bows. Nothing else.
